

May 29, 2023

Report of the ICLA Structures Committee for 2022-23.

There are no activities to report for 2022. I was nominated chair of the committee in 2023. My first task for 2023 will be to recruit colleagues to serve as committee members. I will also contact past Committee Chairs to ensure continuity and consult with the ICLA president to determine if there is business we should take up or structures that we could review with an eye to more efficiency, fairness, and diversity.

Respectfully Submitted,  
Liedeke Plate, Committee Chair  
Professor of Culture and Inclusivity, Radboud University
